

Unit 8 - Stress Control

Personal and Transferable Skills

Stress Control

A feeling of emotional or physical tension.

Familiar word and equated with worrying

Examine the sources of stress and which are not:

- - You receive a promotion at work.
- - Your car has a flat tyre.
- - You go to a fun party that lasts until 2 a.m.
- - Your dog gets sick.
- - Your new bedroom suite is being delivered.
- - Your best friend and his wife are coming to stay for a week.
- - You get a bad case of hay fever.

All of these are sources of stress.

Types of Stress

Variety forms can cause stress:

- - Happy situations
- - Sad situations
- - Physical illnesses
- Changes in a person's life (good or bad) are considered stressful to the body.

Physical Symptoms of Overstress

Brain – Aches and pains,
Depression, Sleep
disturbance

The gastrointestinal tract
– Ulcers, Cramps and
diarrhoea

The cardiovascular system
– High blood pressure,
Heart attack, Stroke

The skin – Itchy skin
rashes

The glandular system –
Thyroid gland malfunction

The immune system -
Decreased resistance to
infections and neoplasm

Eustress VS Distress

Eustress (the happy kind of stress like a marriage)

Distress - cause an adverse and even dangerous effect on the body

Brain Chemicals and Stress

Three brain chemicals
responsible for making a person
feel happy and normal:

- - Serotonin
- - Noradrenalin
- - Dopamine

How Not to Handle Stress

Numerous substances can be injected, inhaled or ingested to temporarily boost chemicals such as serotonin, noradrenalin and dopamine:

- - Sugar
 - - Caffeine
 - - Alcohol
 - - Tobacco
 - - Marijuana
 - - Cocaine
 - - Heroin
 - - Adrenalin
- 

Developing Coping Skills

MAKE YOUR LIFE AS
REGULAR AS
CLOCKWORK

GIVE YOURSELF A
BREAK

LIGHTEN THE LOAD OF
SOCIAL ENGAGEMENTS

POSTPONE CHANGES
IN YOUR LIVING
ENVIRONMENT

REDUCE THE NUMBER
OF HOURS YOU SPEND
AT WORK OR SCHOOL

Activities

ROLE-PLAYING SCENARIOS TO
PRACTICE STRESS MANAGEMENT
TECHNIQUES

GROUP DISCUSSIONS ON
PERSONAL EXPERIENCES WITH
STRESS AND HOW TO MANAGE IT

CREATING A PERSONAL STRESS
MANAGEMENT PLAN
